I. DISADVANTAGE BUSINESS ENTERPRISE*POLICY STATEMENT (§26.23)*

The North Dakota Department of Transportation (Department) has established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the U.S. Department of Transportation (USDOT), 49 CFR Parts 23 and 26. The Department receives federal financial assistance from USDOT. As a condition of receiving this assistance, the Department has signed an assurance that it will comply with 49 CFR Parts 23 and 26.

The DBE requirements of 49 CFR Parts 23 and 26 and the Department's DBE program apply to all federally-aided highway construction contracts and to any assignments made to subcontractors, subconsultants or recipients. The Department, its subrecipients, contractors, subcontractors, consultants, and subconsultants shall not discriminate on the basis of race, color, sex, age, national origin, and handicap or disability.

It is Department policy to ensure that DBEs, as defined in 49 CFR Parts 23 and 26, have an equal opportunity to receive and participate in USDOT-assisted contracts. It is also Department policy:

- To ensure nondiscrimination in the award and administration of USDOT-assisted contracts
- To create a "level playing field" in which DBEs can compete fairly for USDOT-assisted contracts
- To ensure that the DBE program is narrowly tailored in accordance with applicable law
- To ensure that only firms fully meeting 49 CFR Parts 23 and 26 eligibility standards are permitted to participate as DBEs
- To help remove barriers to the participation of DBEs in USDOT-assisted contracts
- To assist the development of firms that can compete successfully in the marketplace outside the DBE program
- To provide appropriate flexibility to recipients of federal financial assistance in establishing and providing opportunities for DBEs

The Department will disseminate the policy to all Department staff and to DBE and non-DBE customers in the DBE Program. We will use the following methods to disseminate the policy:

- Send it to all DBE and non-DBE firms on the Department's bidders list
- Publish it in the supportive services newsletter annually
- Publish it on the Department DBE bid information web site at <http://www.state.nd.us/dot/dbebidinfo.html>

Each subrecipient, contractor, subcontractor, consultant, or subconsultant that fails to carry out the requirements set forth in 49 CFR Parts 23 and 26 may constitute a breach of contract, and after notification by the Department, may result in termination of the agreement or contract, or such remedy as the Department deems appropriate.

I, as the Department Director, am charged with the overall responsibility for assuring compliance with 49 CFR Parts 23 and 26, including DBE programs delegated to subrecipients such as Metropolitan Planning Organizations and other political subdivisions. I have appointed the Civil Rights Officer III as the DBE Liaison Officer for the Department. The DBE Liaison Officer is responsible for developing, coordinating, and monitoring the implementation of the Department's DBE program on a day-to-day basis. Division Directors and District Engineers are responsible for carrying out applicable facets of the DBE program with their areas.

Deb Igoe is the Department's DBE Liaison Officer. She is responsible for implementing all aspects of the DBE program. Implementation of the DBE program has the same priority as compliance with all other legal obligations incurred by the Department in its financial assistance agreements with USDOT.

NDDOT Director

January 13, 2006

Date

II. INTRODUCTION

The information within was compiled by the Civil Rights Office, Office of Operations. It contains information regarding businesses that are certified as DBE firms by the Department in highway construction, transit construction and operations, airport construction and operations, and other transportation-related fields.

The directory should be used to bring disadvantaged business enterprises to the bidder's table. This can only be accomplished by procurement personnel using the directory when the need for products or services arises. Government and industry must lend their support and assume the initiative for further progress.

Inclusion of an enterprise in the directory is for informational purposes only and does not constitute endorsement of those listed. Exclusion of any names of possible DBE firms does not necessarily mean those firms are not bona fide disadvantaged business enterprises.

All persons who use this directory are urged to furnish to the North Dakota Department of Transportation the names and addresses of DBE firms not included in this edition. If they become certified, they will be added to the next edition of the directory.

For purposes of this directory, a DBE firm must be at least 51 percent owned by one or more disadvantaged or minority group members who are citizens or lawfully admitted permanent residents of the United States; who have day-to-day management and control of the firm; and whose ownership interests are real, substantial, continuing, and in good faith, not created solely to meet the requirements of this program.

Firms listed in this directory are designated DBE, DBE-MBE, DBE-MBE-WBE, or DBE-WBE for government record-keeping purposes only. These acronyms are defined as follows:

DBE--A for-profit small business concern:

1. That is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals; and
2. Whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

DBE-MBE--A business which is at least 51 percent owned by one or more individuals or groups of individuals who are Black American, Hispanic American, Native American, Subcontinent Asian-American, or Asian-Pacific American. Further definition of these disadvantaged or minority groups is required to clarify the many ambiguities associated with their use. Therefore, these terms shall be interpreted in the following manner:

Black Americans, includes persons having origins in any of the Black racial groups of Africa;

Hispanic Americans, includes persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;

Native Americans, includes persons who are American Indians, Eskimos, Aleuts,

or Native Hawaiians;

Asian-Pacific Americans, includes persons whose origins are from Japan, China, Taiwan, Korea, Burma (Myanmar), Vietnam, Laos, Cambodia (Kampuchea), Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, the U.S. Trust Territories of the Pacific Islands (Republic of Palau), the Commonwealth of the Northern Marianas Islands, Macao, Fiji, Tonga, Kiribati, Juvalu, Nauru, Federated States of Micronesia, or Hong Kong;

Subcontinent Asian Americans, includes persons whose origins are from India, Pakistan, Bangladesh, Bhutan, the Maldives Islands, Nepal, or Sri Lanka;

Women; or

Any additional groups whose members are designated as socially and economically disadvantaged by the U.S. Small Business Administration (SBA), at such times as the SBA designation becomes effective.

DBE-MBE-WBE--A business which is at least 51 percent owned by one or more persons who are members of one of the above-mentioned minority groups and who are also female.

DBE-WBE--A business which is at least 51 percent owned by one or more females.

III. CERTIFICATION PROCESS

Certification forms may be obtained from either the:

- (1) Civil Rights Office
Office of Operations
North Dakota Department of Transportation
608 East Boulevard Avenue, Bismarck, ND 58505-0700
Telephone 701-328-3116
Fax 701-328-1965
E-mail: bhanson@state.nd.us;

or

- (2) Department DBE information web site:

<http://www.state.nd.us/dot/dbebidinfo.html>.

Forms required to be completed by potential DBE firms in order to obtain recognition as a bona fide DBE are as follows:

- (1) DBE Uniform Certification Application;
- (2) Documentation requested in the Application;
- (3) Personal Financial Statement;
- (4) Affidavit of Certification;
- (5) Legal papers such as articles and by-laws of incorporation, stock certificates, partnership agreements, etc.; and
- (6) Proof that the minority group member is recognized as such, for example: enrollment document, birth certificate, etc.
